GENERAL SUMMARIZING NOTES DESCRIBING THE STRUCTURE

Florence Hotel has two access ways: the main entrance has a step and two wing doors 1,62 cm distant to each other; the second entrance is reserved to disabled, the door is manual and the threshold is of 3 cm high.

Inside of the hotel there are no particular problems to mobility, the pathways are regular and the rest areas are easy to movements.

The ground floor hosts the reception desk, TV hall and breakfast room.

The hotel has 4 wide accessible rooms with bathroom inside, two on the second floor and two on the third floor.

The inner pathways are regular and lead easy to the elevator, the escape way leads to the elevator or to the main stairway of the hotel, that leads directly to the hotel entrance.

The hotel has an agreement with a paying garage parking service that picks-up/return the car on demand
