GENERAL SUMMARIZING NOTES DESCRIBING THE STRUCTURE

Leonardo da Vinci Hotel is completely accessible; it has a main entrance with circular door sensitive to movement, and a secondary entrance used mainly for luggage and disabled access people access.

The hotel has its own parking, which gives comfortably access to a third entrance through a linear paved pathway, under thirty meters distant.

The reception desk is on the ground floor; restaurant, breakfast room, sauna, fitness hall, and conference rooms are in the basement floor; relax hall is on the first floor, all halls are accessible by elevator that connects the entire hotel.

The hotel has two accessible rooms with bathroom inside, one on the first floor and one on the second floor.

The inner pathways are wide and free from furnishings, and easily lead to the elevator.
